This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. This is a major, single-volume introduction to the whole of Ancient Greek History. It covers the period from the Golden Age of Knossos and Mycenae to the incorporation of Greece into the Roman empire in the second century BC and the transfer of Greek culture to Byzantium in the fourth century AD. "Clearly written, well-structured, and fixing on illuminating and arresting details

about events, places, and participants, the book packs a lot into a compact format . . . [An] excellent, needed, and rewarding publication."-- "Small Press. Line drawings & maps. Widely acknowledged as the most authoritative study of ancient Greece, George Grote's twelve-volume work, begun in 1846, established the shape of Greek history which still prevails in textbooks and popular accounts of the ancient world today. Grote employs direct and clear language to take the reader from the earliest times of legendary Greece to the death of Alexander and his generation, drawing upon epic poetry and legend, and examining the growth and decline of the Athenian democracy. The work provides explanations of Greek political constitutions and philosophy, and interwoven throughout are the important but outlying adventures of the Sicilian and Italian Greeks. Volume 6 offers the history of Greece from the outbreak of the Peloponnesian War in 431 BCE to the Peace of Nicias. Reproduction of the original: History of Greece by George Grote A Smaller History of Greece: From the Earliest Times to the Roman Conquest is intended to be an introduction to Greek history appropriate for students on the high school level. The book is divided into twenty-two chapters and provides a fairly broad and all-encompassing dissection of Greek history. The first chapter details the geography of Greece and includes a number of maps to serve as a visual aide to students. From there, the book takes a chronological approach to telling the history of Greece. The book begins its history in 776 BCE, telling the story of the development of language and writing in Greece. The book proceeds through Greece's history, offering short chapters on many of the most significant events in the history of the Mediterranean nation, from The Persian Wars to the supremacy of Sparta to the death of Alexander the Great and Rome's conquest of Greece. Those unfamiliar with Greek history will surely appreciate the survey approach adopted by Smith in the writing of this textbook. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. This complete history of Greece documents ancient times to the present, giving specific attention to its emergence as a modern European nation after the destruction, disease, and death Greece suffered during World War II and the subsequent civil war. • Provides an enlightening timeline of the history of Greece from prehistoric time to 2010 • Includes maps

illustrating Greece's regions, islands, cities, and its growth into modern Greece • A bibliography covers books and articles about the history, ethnography, and politics of Greece, as well as various online resources The period from the emergence of the Greek city-state in the eighth century BC to the reign of Alexander the Great and the establishment of Greek monarchies was one unparalleled in history for its brilliance in literature, philosophy, and the visual arts. This book reproduces the text of the hugely successful Oxford History of the Classical World: Greece and the Hellenistic World in a standard paperback form.
