Best-selling author, Susan Beth Pfeffer, delivers a riveting companion to *Life As We Knew It* in this enthralling tale that follows seventeen-year-old Alex Morales as he fights to survive in the aftermath of apocalyptic events in New York City. Alex Morales is an average high schooler focused on his after-school job, helping his dad out with building superintendent responsibilities, and getting good grades so he can make it into an Ivy League college. But when the moon alters its gravitational pull and catastrophic events ensue, everything changes. Now, he has to care for his younger sisters, decide whether it's ethical to rob the dead, and keep the hope alive that their lost parents will return. Bone-chilling and harrowing, Susan Beth Pfeffer investigates what it takes to survive when the odds are stacked against you in this captivating story about sacrifice and humanity. It's 1988 and Lily Bloom, a 65-year-old American lies dying of cancer in a London hospital. As her two daughters buzz around her and the nurses pump her full of morphine, she slides in and out of consciousness, outraged that there is so little time left and so many people still to disparage. "One of cinema's most enduring monsters, the zombie has been terrifying audiences around the world for decades. Book of the Dead charts the ghoulish history of zombie cinema, from the creature's origins in Haitian voodoo and its cinematic debut in 1932's *White Zombie*, right up to recent blockbuster hits like *28 Days Later*, *Shaun of the Dead* and *Land of the Dead*." "Covering hundreds of movies from America, Europe and Asia, this exhaustive history chronicles the zombie's on-screen evolution from Caribbean bogeyman to flesh-eating corpse. Along the way, Book of the Dead takes in Bela Lugosi B-movies, Italian gore films, blind monk zombies, shot-on-video backyard epics, all-time classics such as *I Walked with a Zombie*, *Night of the Living Dead* and *Dawn of the Dead*, and the videogame phenomenon of *Resident Evil*." "Complete with hundreds of stills and artwork including 64 pages of colour illustrations, and an exhaustive filmography, Book of the Dead explains why we continue to be so fascinated by these fugitives from the undertaker."--BOOK JACKET. For the first time in 3,300 years, The Egyptian Book of the Dead: The Book of Going Forth by Day: The Papyrus of Ani is showcased in its entirety in seventy-four magnificent color pages. Maybe the most stunning presentation of this book in 3300 years: Upon death, it was the practice for some Egyptians to produce a papyrus manuscript called the Book of Going Forth by Day or the Book of the Dead. A Book of the Dead included declarations and spells to help the deceased in the afterlife. The Papyrus of Ani is the manuscript compiled for Ani, the royal scribe of Thebes. Written and illustrated almost 3,300 years ago, The Papyrus of Ani is a papyrus manuscript with cursive hieroglyphs and color illustrations. It is the most beautiful, best-preserved, and complete example of ancient Egyptian philosophical and religious thought known to exist. The Egyptian Book of the Dead is an integral part of the world's spiritual heritage. It is an artistic rendering of the mysteries of life and death. For the first time since its creation, this ancient papyrus is now available in full color with an integrated English translation directly below each image. This twentieth-anniversary edition of The Egyptian Book of the Dead has been revised and expanded to include: Significant improvements to the display of the images of the Papyrus. A survey of the continuing importance of ancient Egypt in modern culture. A detailed history of Egyptian translation and philology since the discovery of the Rosetta Stone in 1799. And, a state-of-the-art Annotated Bibliography and Study Guide for Ancient Egyptian studies. As the third revised edition, the entire corpus of this critical work is given its most accessible and lavish presentation ever. Includes a detailed history of Egyptian scholarship, an annotated bibliography and study guide, and several improvements to the color plates. Makes an excellent gift for people interested in world history and ancient religions. QI's biographical dictionary of incredible lives. The meaning of our concern for mortal remains—from antiquity through the twentieth century The Greek philosopher Diogenes said that when he died his body should be tossed over the city walls for beasts to scavenge. Why should he or anyone else care what became of his corpse? In *The Work of the Dead*, acclaimed cultural historian Thomas Laqueur examines why humanity has universally rejected Diogenes's argument. No culture has been indifferent to mortal remains. Even in our supposedly disenchanted scientific age, the dead body still matters—for individuals, communities, and nations. A remarkably ambitious history, *The Work of the Dead* offers a compelling and richly detailed account of how and why the living have cared for the dead, from antiquity to the twentieth century. The book draws on a vast range of sources—from mortuary archaeology, medical tracts, letters, songs, poems, and novels to painting and landscapes in order to recover the work that the dead do for the living: making human communities that connect the past and the future. Laqueur shows how the churchyard became the dominant resting place of the dead during the Middle Ages and why the cemetery largely supplanted it during the modern period. He traces how and why since the nineteenth century we have come to gather the names of the dead on great lists and memorials and why being buried without a name has become so disturbing. And finally, he tells how modern cremation, begun as a fantasy of stripping death of its history, ultimately failed—and how even the ashes of the victims of the Holocaust have been preserved in culture. A fascinating chronicle of how we shape the dead and are in turn shaped by them, this is a landmark work of cultural history. The second heart-stopping, mind-blowing book in this killer series - the Enemy is back. A terrible disease is striking everyone over the age of fourteen. Death walks the streets. Nowhere is safe. Maxie, Blue and the rest of the Holloway crew aren't the only kids trying to escape the ferocious adults who prey on them. Jack and Ed are best friends, but their battle to stay alive tests their friendship to the limit as they go on the run with a mismatched group of other kids - nerds, fighters, misfits. And one adult. Greg, a butcher, who claims he's immune to the disease. They must work together if they want to make it in this terrifying new world. But as a fresh disaster threatens to overwhelm London, they realize they won't all survive What happens when the watcher becomes the watched? Jack has it all - a beautiful wife and daughter, a home, a career. Then his wife, Rebecca, plunges to her death from the Sussex coast cliffs. Was it an accident or did she jump? He moves to Manchester with his daughter, Naomi, to start afresh, but things don't go as planned. He didn't think life could get any worse... Jack sees a woman in a window who is the image of Rebecca. Attraction turns into obsession as he returns to the window night after night. But he isn't the only one watching her... Jack is about to be drawn into a deadly game. The woman lies dead. The latest victim in a series of savage murders. Someone is going to go down for the crimes. If Jack doesn't find out who the killer is, that 'someone' may well be him. Praise for Ben Cheetham 'Fast-moving action and lots of twists.' *The Times*. 'An incredible tour de force that will grip you like a vice and keep you in its tight hold until the very last page.' *CrimeSquad*. 'Cheetham doesn't just dip a toe in the waters, he submerges the reader entirely.' *Nudge-Book Magazine*. 'Ben Cheetham is my new guilty pleasure.' *Best British Crime Books*. What if we responded to death... by throwing a party? By the time Erica Buist's father-in-law Chris was discovered, upstairs in his bed, his book resting on his chest, he had been dead for over a week. She searched for answers (the artery-clogging cheeses in his fridge?) and tried to reason with herself (does daughter-in-law even feature in the grief hierarchy?) and eventually landed on an inevitable, uncomfortable truth: everybody dies. While her husband maintained a semblance of grace and poise, Erica found herself consumed by her grief, descending into a bout of pyjama-clad agoraphobia, stalking friends online to ascertain whether any of them had also dropped dead without warning, unable to extract herself from the spiral of death anxiety... until one day she decided to reclaim control. With Mexico's Day of the Dead festivities as a starting point, Erica decided to confront death head-on by visiting seven death festivals around the world – one for every day they didn't find Chris. From Mexico to Nepal, Sicily, Thailand, Madagascar, Japan and finally Indonesia – with a stopover in New Orleans, where the dead outnumber the living ten to one – Erica searched for the answers to both fundamental and unexpected questions around death anxiety. This Party's Dead is the account of her journey to understand how other cultures deal with mortal terror, how they move past the knowledge that they're going to die in order to live happily day-to-day, how they celebrate rather than shy away from the topic of death – and how when this openness and acceptance are passed down through the generations, death suddenly doesn't seem so scary after all. *Living with the Dead in the Andes* provides new data and insights informed by general anthropological theory; the extensive bibliography alone is an important contribution. Scholars working with Andean mortuary practices (and prehistory generally) will be citing these chapters for years. The Egyptian pyramid texts, which are the basis of this work, were collected and inscribed on the walls of five royal pyramids at Sakkareh between the years 2350 and 2175 B.C. The present work is the first English translation with commentary. The fate of the dead is a compelling and emotive subject, which also raises increasingly complex legal questions. This book focuses on the substantive laws around disposal of the recently deceased and associated issues around their post-mortem fate. It looks primarily at the laws in England and Wales but also offers a comparative approach, drawing heavily on material from other common law jurisdictions including Australia, New Zealand, Canada and the United States. The book provides an in-depth, contextual and comparative analysis of the substantive laws and policy issues around corpse disposal, exhumation and the posthumous treatment of the dead, including commemoration. Topics covered include: the legal frameworks around burial, cremation and other disposal methods; the hierarchy of persons who have a legal duty to dispose of the dead and who are entitled to possession of the deceased's remains; offences against the dead; family burial disputes, and the legal status of burial instructions; the posthumous use of donated bodily material; and the rules around disinterment, and creating an appropriate memorial. A key theme of the book will be to look at the manner in which conflicts involving the dead are becoming increasingly common in secular, multi-cultural societies where the traditional nuclear family model is no longer the norm, and how such legal contests are resolved by courts. As the first comprehensive survey of the laws in this area for decades, this book will be of use to academics, lawyers and judges adjudicating on issues around the fate of the dead, as well as the death industry and funeral service providers. *What Does Dead Mean?* is a beautifully illustrated book that guides children gently through 17 of the 'big' questions they often ask about death and dying. Questions such as 'Is being dead like sleeping?', 'Why do people have to die?' and 'Where do dead people go?' are answered simply, truthfully and clearly to help adults explain to children what happens when someone dies. Prompts encourage children to explore the concepts by talking about, drawing or painting what they think or feel about the questions and answers. Suitable for children aged 4+, this is an ideal book for parents and carers to read with their children, as

well as teachers, therapists and counsellors working with young children. 'A prodigy of imagination, insight and overwhelming tenderness' Independent 'Remember me when I'm gone' just took on a whole new meaning . . . Laura Byrd is in trouble. Three weeks ago she and her friends found themselves alone in one of the coldest, most remote places on earth. Her friends set out in search of help, and now Laura realises that they are not coming back. So she gathers her remaining supplies and sets out on an extraordinary journey. Meanwhile in another city, more and more people arrive every day. Each has a different story to tell, but their accounts have one thing in common - it was their final journey. For this is the city of the dead. And the link between this city and Laura's journey lies at the heart of this remarkable novel. The Brief History of the Dead tells a magical story about our lives - about our place in the world, our connections with each other, and what happens to us all after our deaths. It is a story of spellbinding power and imagination, which resonates long after the final page. What happened when the Great War ended and the guns stopped firing? Who cleared the battlefields and buried the dead? It's 1918 and the war may be over but Lance-Corporal Jack Patterson and the men of his platoon are still knee-deep in Flanders mud, searching the battlefields for the remains of comrades killed in action. But duty isn't all that's keeping Jack in Flanders. For one there is Katia, the daughter of a local publican, with whom he has struck up a romance. And then there is something else, a secret that lies buried in Jack's past, one he hopes isn't about to be dug up... With contributions from leading scholars and detailed catalog entries that interpret the spells and painted scenes, this fascinating and important work affords a greater understanding of ancient Egyptian belief systems and poignantly reveals the hopes and fears about the world beyond death. Written in response to the Hawk's Nest Tunnel disaster of 1931 in Gauley Bridge, West Virginia, *The Book of the Dead* is an important part of West Virginia's cultural heritage and a powerful account of one of the worst industrial catastrophes in American history. The poems collected here investigate the roots of a tragedy that killed hundreds of workers, most of them African American. They are a rare engagement with the overlap between race and environment in Appalachia. Published for the first time alongside photographs by Nancy Naumburg, who accompanied Rukeyser to Gauley Bridge in 1936, this edition of *The Book of the Dead* includes an introduction by Catherine Venable Moore, whose writing on the topic has been anthologized in *Best American Essays*. Three teenage friends, Alice, Corvus, and Annabel, travel across a desert populated by confused adults. Reissue of the legendary 3,500-year-old Papyrus of Ani, the most beautiful of the ornately illustrated Egyptian funerary scrolls ever discovered, restored in its original sequences of text and artwork. **LOGLISTED FOR THE WALTER SCOTT PRIZE FOR HISTORICAL FICTION** 'To tell the story of a country or a continent is surely a great and complex undertaking; but the story of a quiet, unnoticed place where there are few people, fewer memories and almost no reliable records - a place such as Glen Conach - may actually be harder to piece together. The hazier everything becomes, the more whatever facts there are become entangled with myth and legend. . .' Deep in the mountains of north-east Scotland lies Glen Conach, a place of secrets and memories, fable and history. In particular, it holds the stories of three different eras, separated by centuries yet linked by location, by an ancient manuscript and by echoes that travel across time. In ancient Pictland, the Christian hermit Conach contemplates God and nature, performs miracles and prepares himself for sacrifice. Long after his death, legends about him are set down by an unknown hand in the *Book of Conach*. Generations later, in the early nineteenth century, self-promoting antiquarian Charles Kirkliston Gibb is drawn to the Glen, and into the big house at the heart of its fragile community. In the present day, young Lachie whispers to Maja of a ghost he thinks he has seen. Reflecting on her long life, Maja believes him, for she is haunted by ghosts of her own. News of the Dead is a captivating exploration of refuge, retreat and the reception of strangers. It measures the space between the stories people tell of themselves - what they forget and what they invent - and the stories through which they may, or may not, be remembered. From Poe to Lovecraft-a unique zombiethology of the literary undead. Corpses rise in a variety of frightening ways in this collection of classic stories by an impressive lineup of authors including: Mary Shelley, Edgar Allan Poe, Washington Irving, H.P. Lovecraft, Guy de Maupassant, Mark Twain, Jack London, William Wyman Jacobs, Théophile Gautier, Charles Baudelaire, John H. Knox, Sir Hugh Clifford, Thomas Burke, Johann Wolfgang von Goethe, F. Marion Crawford, F.G. Loring, William Butler Yeats, Douglas Hyde, E.F. Benson, Lafcadio Hearn, Perceval Landon, E. and H. Heron, Amy Lowell, G.W. Hutter, and Sir Walter Scott. The obituary page of *The New York Times* is a celebration of extraordinary lives. This groundbreaking package includes 300 obits in the book with exclusive online access to 10,000 more of the most important and fascinating obituaries the Times has ever published. The obituary page is the section many readers first turn to not only see who died, but to read some of the most inspiring, insightful, often funny, and elegantly written stories celebrating the lives of the men and women who have influenced our world. William McDonald, *The Times'* obituary editor who was recently featured in the award-winning documentary *Obit*, selected 320 of the most important and influential obits from the newspaper's archives. In chapters like "Stage and Screen," "Titans of Business," "The Notorious," "Scientists and Healers," "Athletes," and "American Leaders," the entries include a wide variety of newsmakers from the last century and a half, including Annie Oakley, Theodore Roosevelt, Joseph Stalin, Marilyn Monroe, Coco Chanel, Malcolm X, Jackie Robinson and Prince. Also included is a web-key which allows instant access to an exclusive website featuring 10,000 selected obituaries which are easily searchable by name, theme, dates, and more. Designed with more than 150 black-and-white photographs, this tomb-sized book plus website package is the perfect gift. The first book in *The Last War* series: a debut epic fantasy full of crunching revolutionary action, twisted magic, and hard choices in dark times. The war is over. The enemy won. Jia's people learned the hard way that there are no second chances. The Egril, their ancient enemy, struck with magic so devastating that Jia's armies were wiped out. Now terror reigns in the streets, and friend turns on friend just to live another day. Somehow Tinnstra - a deserter, a failure, nothing but a coward - survived. She wants no more than to hide from the chaos. But dragged into a desperate plot to retake Jia, surrounded by people willing to do anything to win the fight, this time Tinnstra will need to do more than hide. If Jia is to get a second chance after all, this time she will need to be a hero. With all the grit of Joe Abercrombie, Mark Lawrence and Ed McDonald, this is fantasy with the sharpest of edges. * * * * * 'The next Game of Thrones' Glen Cook, author of *The Black Company* 'Tarantino crossed with David Gemmell' Peter McLean, author of *Priest of Bones* 'A powerful debut' Gavin Smith, author of *The Bastard Legion* A *New York Times* Editors' Choice "[T]he stuff of great literature." —*The New York Times* | "Red or Dead is a winner." —*The Washington Post* The place where the swinging sixties started – Liverpool, England, birthplace of the Beatles – wasn't so swinging. Amid industrial blight and a bad economy, the port town's shipping industry was going bust and there was widespread unemployment, with no assistance from a government tightening its belt. Even the Beatles moved to London. Into these hard times walked Bill Shankly, a former Scottish coal miner who took over the city's perpetually last-place soccer team. He had a straightforward work ethic and a favorite song – a silly pop song done by a local band, “You'll Never Walk Alone.” Soon he would have entire stadiums singing along, tens of thousands of people all dressed in the team color red . . . as Liverpool began to win . . . And soon, too, there was something else those thousands of people would chant as one: Shank-lee, Shank-lee . . . In *Red or Dead*, the acclaimed writer David Peace tells the stirring story of the real-life working-class hero who lifted the spirits of an entire city in turbulent times. But *Red or Dead* is more than a fictional biography of a real man, and more than a thrilling novel about sports. It is an epic novel that transcends those categories, until there's nothing left to call it but – as many of the world's leading newspapers already have – a masterpiece. Five days of glorious gothic alchemy and evil . . . An atmospheric, page-turning and powerful novel of sorcery and desperate magic by award-winning author Marcus Sedgwick. Shortlisted for the Guardian Children's Fiction prize and the Edgar Allan Poe Award. The days between 27 December and New Year's Eve are dead days - days when spirits roam and magic shifts restlessly just beneath the surface of our everyday lives. There is a man, Valerian, whose time is running out. He must pay the price for the pact he made with evil so many years ago. His servant is Boy, a child with no name and no past - a child he treats with contempt, but who serves his master well and finds solace in the company of his only friend, Willow. Unknown to any of them, it is Boy who holds the key to their destiny. Set in dark, threatening cities and the frozen countryside in a distant time, *THE BOOK OF DEAD DAYS* conjures a spell-binding story as Valerian, Boy and Willow battle to stop time and cling to life. Starting from the premise that philosophers' deaths have been as interesting as their lives, Simon Critchley looks at the strange circumstances in which some philosophers have died and then confronts the big themes - in this case, what 'a good death' means and how to live with the knowledge of death. The book consists of short entries on various philosophers, cataloguing the manner of their demises and linking this to their central ideas, from the Pre-Socratics to Rousseau, Kant and Nietzsche among many others. The book concludes with Critchley's thoughts on the ideal of the philosophical death as a way of denouncing contemporary delusions and sophistries, what Francis Bacon saw as the Idols of the Tribe, the Den, the Market-Place and the Theatre (incidentally, Bacon died in a particularly cold winter in London in 1626 from a cold contracted after trying to stuff a chicken with snow as an experiment in refrigeration). Once you're dead, you're made for life. --Jimi Hendrix Hendrix. Janis. Morrison. Elvis. Lennon. Cobain. Garcia. Their reckless brilliance held the key to their self-destruction. Their deaths had much in common--and, surprisingly, so did their lives. From lonely childhoods marred by loss to groundbreaking music and turbulent careers that ended tragically and suspiciously, David Comfort explodes the myths as he probes: • The sinister roles of Hendrix's manager and girlfriend in his death and subsequent cover-up • The bizarre odyssey of Jim Morrison's corpse • Why Kurt Cobain was worth more dead than alive to Courtney Love • The twisted motives that caused John Lennon to sail through the Devil's Triangle to Bermuda--nearly going down in a storm--shortly before he was fatally shot • The crippling disease and "miracle" drug that drove Elvis to suicide Charismatic and gifted, but also isolated and conflicted, these are not the rock icons you thought you knew. Here are their larger-than-life stories of turmoil and excess that led to their early deaths and ultimate immortality. It's a wild ride to the other side of fame. "Fame is the soul eater." --Jerry Garcia "Everybody loves you when you're six foot in the ground." --John Lennon Includes Rare Photos David Comfort is the author of three bestselling nonfiction books. His short fiction has appeared in numerous magazines, including *Eclectic Literary Forum*, *Pacific Review*, *Coe Review*, and *Belletrist Review*. He has been the recipient of several literary prizes and a finalist for such prestigious awards as the Nelson Algren Award and America's Best. A former rock musician, he has spent over 30 years studying rock music, particularly the revolutionary and fatalistic pioneers of the 1960s. He lives in Santa Rosa, California. Includes a new translation of the original texts which uncovers a mystical teaching underlying the sayings and rituals instituted by the Ancient Egyptian Sages and Saints. This book is open access under a CC BY 4.0 licence. This book is a multidisciplinary work that investigates the notion of posthumous harm over time. The question what is and when is death, affects how we understand the possibility of posthumous harm and redemption. Whilst it is impossible to hurt the dead, it is possible to harm the wishes, beliefs and memories of persons that once lived. In this way, this book highlights the vulnerability of the dead, and makes connections to a historical oeuvre, to add critical value to similar concepts in history that are overlooked by most philosophers. There is a long historical view of case studies that illustrate the conceptual character of posthumous punishment; that is, dissection and gibbetting of the criminal corpse after the Murder Act (1752), and those shot at dawn during the First World War. A long historical view is also taken of posthumous harm; that is, body-snatching in the late Georgian period, and organ-snatching at Alder Hey in the 1990s. In this imaginative debut perfect for fans of character-driven fantasies like *Graceling* and *Daughter of Smoke and Bone*, seventeen-year-old Naya Garth becomes one of the undead and an unlikely spy for her country. Naya, the daughter of a sea merchant captain, nervously undertakes her first solo trading mission in the necromancer-friendly country bordering her homeland of Talmir. Unfortunately, she never even makes it to the meeting. She's struck down in the streets of Ceramor. Murdered. But death is not the end for Naya. She awakens to realize she's become an abomination--a wraith, a ghostly creature bound by runes to the bones of her former corpse. She's been resurrected in order to become a spy for her country. Reluctantly, she assumes the face and persona of a servant girl named Blue. She never intended to become embroiled in political plots, kidnapping, and murder. Or to fall in love with the young man and former necromancer she is destined to betray. "A high fantasy filled with adventure, espionage, and romance that envelops the reader in a world where the undead walk among the living."—*Kirkus Reviews* Opening up a world of magic and adventure, *The Library of the Dead* by T. L. Huchu is the first book in the *Edinburgh Nights* series. 'A fast-moving and entertaining tale, beautifully written' - Ben Aaronovitch, bestselling author of *Rivers of London* When ghosts talk, she will listen . . . Ropa dropped out of school to become a ghostalker - and she now speaks to Edinburgh's dead, carrying messages to the living. A girl's gotta earn a living, and it seems harmless enough. Until, that is, the dead whisper that someone's bewitching children - leaving them husks, empty of joy and life. It's on Ropa's patch, so she feels honour bound to investigate. But what she learns will change her world. She'll dice with death (not part of her life plan . . .) as she calls on Zimbabwean magic and

Scottish pragmatism to hunt down clues. For Edinburgh hides a wealth of secrets. And in the process, she discovers an occult library and some unexpected allies. Yet as shadows lengthen, will the hunter become the hunted? Of all the surviving magical works written in Ethiopic and Amharic, this is the most curious and interesting. Although it purports to be Christian, it in fact owes much to the Jewish, Egyptian, and "magical" traditions of the region. The book's foundation is a much abbreviated and more succinct form of the Egyptian Book of the Dead, upon which strong elements of Christianity, Gnosticism, and Hebraic apocrypha have been laid, most likely from early Greek or Syriac translations and original Coptic texts. The "bandlet" to which the original refers is a strip of linen or parchment as long as the body of the person for whom it was prepared, on which were written the secret names of God, meant to ensure protection in the next world. A whimsical treasury of biographical profiles of famous and lesser-known individuals now dead includes hundreds of entries that reveal embarrassing-but-true details typically omitted by official biographers. Co-authored by the award-winning producer of Blackadder and the writer of QI. Late one night, two brothers learn that their sister has died in the worst way imaginable. She's found strangled, hundreds of miles from home. Ruben is the smarter of the two, with a gift for getting into other people's hearts. Cole doesn't care if he lives or dies. Together they set out to find their own answers and retrace Rachel's final journey. Gathers the religious and magical texts used in ancient Egypt to give the deceased a satisfactory afterlife and the power to leave his tomb when necessary. Speaking for the Dead is an incisive examination of the highly topical and often controversial issues surrounding the use of human cadavers in scientific research. Fully revised and updated to include recent developments in this area, this new edition incorporates the repeated organ scandals in the UK, body parts scandals in the United States, and the abuses of bodies in China. The book provides new material on neuroimaging, neuroethics and Alzheimer's disease and the major ethical issues they raise for society, in addition to discussing plastination in the form of BodyWorlds types of exhibitions. As human anatomists and bioethicists, the authors offer a unique perspective on these issues, crossing the boundaries between clinical, medical, legal and ethical concerns. Their exploration of both historical and contemporary data results in a clear and comprehensive examination of issues at the forefront of bioethics. With its clear writing style and use of non-technical language Speaking for the Dead will be an essential book for all those interested in bioethics, an area which continues to increase in significance with the development of new techniques for the manipulation of human cadavers. As human anatomists and bioethicists, the authors offer a unique perspective on these issues, crossing the boundaries between clinical, medical, legal and ethical concerns. Their exploration of historical developments as well as their analyses of recent case studies result in a pertinent and comprehensive examination of issues at the forefront of bioethics. •SHORTLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR AWARD 2022• 'How doping killed cycling's 'golden boy'. A shocking, clear-sighted and sympathetic account of a talent destroyed by drugs.' The Times 'Sensitive yet compelling.' The Observer They called him God. For his grace on a bicycle, for his divine talent, for his heavenly looks. Frank Vandenbroucke had it all, and in the late nineties he raced with dazzling speed and lived even faster. The Belgian won most of cycling's most prestigious races, including Liège-Bastogne-Liège and Paris-Nice, enthraling a generation of cycling fans. Off the bike, he only had one enemy - himself. His rise to prominence coincided with a rampant period of doping and Vandenbroucke had a wayward streak. He regularly fell out with team managers and had all-night party sessions mixing sleeping pills and alcohol. A drugs scandal started a long fall from grace, leading to addiction, car crashes, court appearances, marital problems and suicide bids, punctuated by sporting comebacks. His life was like a soap opera and its premature ending shocked many. In October 2009, aged thirty-four, Vandenbroucke was found dead in a Senegalese hotel room - in mysterious circumstances. Led by candid contributions from his closest family, friends and associates, William Hill award-winning author Andy McGrath lays bare Vandenbroucke's turbulent life story. God is Dead is the compelling biography of this mercurial cycling prodigy. - 'With his talent, Frank is the Johan Cruyff of cycling. He could win anything.' Eddy Merckx, FIVE TIMES WINNER OF THE TOUR DE FRANCE 'Captures the charisma and chaos of Vandenbroucke's short life perfectly.' Cyclist 'A cautionary tale. Gripping yet harrowing.' Bikeradar Lazarus Stone is about to turn 16 when, one night, his normal life is ripped to shreds by a skinless figure drenched in blood. He has a message: the Dead are coming. Hell is full, and they have found a way through to this world. Now Lazarus is all that stands in their way. Spine and cover title: Day of the dead.
