The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them. VEN really wants a boyfriend and secretly takes part in a Valentine's Lucky dip at school. Will she finally meet the guy of her dreams? KATE fancies her male friend Jamie, but does he just want to stay friends or is he just too embarrassed about what the other lads will think? CHLOE always has admirers and has been asked out on a date by Danny, but she's not sure whether she wants him to be her next boyfriend. GINA is dumped by her boyfriend Lee and feels hurt that he's moving on from her so quickly after their break-up. Should she do the same? INCLUDES FREE FLIRTING AND DATING GUIDE! A Disciple's Dilemma is a collection of inspiring and encouraging sermons. The book is actually four books in one. Each book is a sermon series focusing on the challenges that Christians face. It is a must-have for preachers and teachers. Each chapter is a sermon that can be preached directly from the book. A novel "filled with very credible teen angst, morality, and an intriguing blend of science fiction and fantasy" from the author of A Wizard Abroad (School Library Journal). Still recovering from an overly eventful vacation in Ireland, teenage wizard Nita Callahan is looking forward to some peace and quiet in her suburban New York home. Instead, her close friend Kit seems to be acting a little weird, and Nita keeps running into problems for which wizardry either isn't the answer or else it's the wrong one. How do you fix what can't be fixed? Only the Transcendent Pig knows, and it's not telling. But Nita needs to find out—and soon. Her wizardly partnership with Kit starts to fall apart. Much worse, her mother gets sick . . . so sick she may never leave the hospital. Only one person can help Nita—the One she's devoted her life to fighting. "Powerful and satisfying."—Kirkus Reviews (starred review) "A gripping and dynamic fantasy . . . Fans of the author will flock to this new adventure, which likely will bring new readers to the series."—VOYA Praise for the Young Wizards series "Duane is tops in the high adventure business . . . This rollicking yarn will delight readers."—Publishers Weekly "High Wizardry is . . . high entertainment."—Locus "Recommend this series to young teens who devour books about magic and wizards . . . or kids looking for 'Harry Potter' read-alikes."—School Library Journal "Stands between the works of Diana Wynne Jones . . . and Madeleine L'Engle . . . An outstanding, original work."—The Horn Book I can't believe I have to go home to Nebraska for my sister's wedding. I'm gonna need a wingman and a whole lot of vodka for this level of family interaction. At least my bestie agreed he'd man up and help. Too bad he had to catch a different flight than me. Then his plane got delayed. And finally—because bad things always happen in threes—instead of my best friend, his evil twin strolls out of the airport. If you looked up doesn't-deserve-to-be-that-confident, way-too-hot-for-his-own-good billionaire in the dictionary, you'd find a picture of Will Holt. He's awful. Horrible. The worst—even if his butt looks phenomenal in those jeans. Ten times worse? My buffer was supposed to be there to keep me away from the million and one family events. But Satan's spawn just grins and signs us up for every. Single. Thing. Fine. "Cutthroat" Scrabble? I'm in. I can't wait to take this guy down a notch. But somewhere between Pictionary and the teasing glint in his eyes, our bickering starts to feel like more than just a game... This original analysis examines the three leading traditional solutions to the dilemma of divine foreknowledge and human free will—those arising from Boethius, from Ockham, and from Molina. Though all three solutions are rejected in their best-known forms, three new solutions are proposed, and Zagzebski concludes that divine foreknowledge is compatible with human freedom. The discussion includes the relation between the foreknowledge dilemma and problems about the nature of time and the causal relation; the logic of counterfactual conditionals; and the differences between divine and human knowing states. An appendix introduces a new foreknowledge dilemma that purports to show that omniscient foreknowledge conflicts with deep intuitions about temporal asymmetry, quite apart from considerations of free will. Zagzebski shows that only a narrow range of solutions can handle this new dilemma. A compelling contribution to the field, The Dilemma of Freedom and Foreknowledge will appeal to students and scholars of theistic philosophy and the philosophy of religion. An innovation classic. From Steve Jobs to Jeff Bezos, Clay Christensen's work continues to underpin today's most innovative leaders and organizations. The bestselling classic on disruptive innovation, by renowned author Clayton M. Christensen. His work is cited by the world's best-known thought leaders, from Steve Jobs to Malcolm Gladwell. In this classic bestseller—one of the most influential business books of all time—innovation expert Clayton Christensen shows how even the most outstanding companies can do everything right—yet still lose market leadership. Christensen explains why most companies miss out on new waves of innovation. No matter the industry, he says, a successful company with established products will get pushed aside unless managers know how and when to abandon traditional business practices. Offering both successes and failures from leading companies as a guide, The Innovator's Dilemma gives you a set of rules for capitalizing on the phenomenon of disruptive innovation. Sharp, cogent, and provocative—and consistently noted as one of the most valuable business ideas of all time—The Innovator's Dilemma is the book no manager, leader, or entrepreneur should be without. Book 3 of the Whitmoreland series Camilla Townsend's stunning new book, Pocahontas and the Powhatan Dilemma, differs from all previous biographies of Pocahontas in capturing how similar seventeenth century Native Americans were—in the way they saw, understood, and struggled to control their world—not only to the invading British but to ourselves. Neither naïve nor innocent, Indians like Pocahontas and her father, the powerful king Powhatan, confronted the vast might of the English with sophistication, diplomacy, and violence. Indeed, Pocahontas's life is a testament to the subtle intelligence that Native Americans, always aware of their material disadvantages, brought against the military power of the colonizing English. Resistance, espionage, collaboration, deception: Pocahontas's life is here shown as a road map to Native American strategies of defiance exercised in the face of overwhelming odds and in the hope for a semblance of independence worth the name. Townsend's Pocahontas emerges—as a young child on the banks of the Chesapeake, an influential noblewoman visiting a struggling Jamestown, an English gentlewoman in London—for the first time in three-dimensions; allowing us to see and sympathize with her people as never before. Is their genmate bond a tragic mistake? Vengeance keeps 'Topian Edwin Mysk from surrendering to the pain of the destruction of his home world and the loss of the genmate he might have had. One day, the Xeno Consortium will know his wrath. Until then, he will pursue his self-imposed mission to locate and reunite the massacre survivors. When he lands on Laxiter 4, he finds the 'Topian settlement abandoned, except for a lone woman, Lala. Their immediate, intense bonding proves she's his genmate, the one female his genetics have chosen for him—the one he'd believed lost forever. With Lala at his side, he resumes his search for the others. But Lala is not the 'Topian he thinks she is. She's a shapeshifting Xeno, a disgraced former general in the consortium military wrongly convicted of helping 'Topian insurgents escape annihilation. Edwin Mysk offers her best chance to locate the escapees and receive a stay of execution—as long as he doesn't discover her secret. Will the gulf between hatred and love, despair and desire, prove too wide for them to cross? The Genmate Dilemma Complete Series boxed set contains all three books of the trilogy: Genmate Mistaken, Genmate Forsaken, and Genmate Imperiled. No cliffhanger. HEA guaranteed! This is the first of 25 books of the Dilemma Books Series. In each book, the protagonist comes to realize that they have a dilemma, and they are challenged to solve their dilemma, with the help of their friends. The books are quirky, but not wacky. Each book teaches problem solving, cooperation, love, and friendship, while remaining fun and visually dazzling. All books in the Dilemma Series are illustrated with a new kind of 3D technology that looks beautiful without the 3D glasses, but MAGICAL with them. This is the first time this technology has ever been used in a Children's Picture Book, and it will likely set a new trend for the future. As an added value, the author, who is an ophthalmologist, has developed a Vision Test that he got reviewed by the Food and Drug Administration. This is the first and only time a Vision Test has been incorporated into a children's book. The actionable results of this vision test can be shared with the child's eye doctor, thus enabling parents to contribute to their children's visual well being. Come discover what dilemma Frank Fly has, and enjoy the MAGICAL visual adventure! Dilemma of a Ghost When Ato returns to Ghana from his studies in North America he brings with him a sophisticated black American wife. But their hopes of a happy marriage and of combining 'the sweetness and loveliest things in Africa and America' are soon shown to have been built on an unstable foundation. Richard Gambino, PhD, is the author of Vendetta. He lives in New York. This historical study traces how John Dewey, as did most of his contemporaries, struggled with the major dilemma of how to reconcile evolution, pedagogy, democracy, and race. In an original and provocative presentation, the author seeks to capture Dewey's original meaning by placing him in his own intellectual and cultural context. Fallace argues that Dewey created an ethnocentric curriculum at the famous University of Chicago Laboratory School (1896–1904) that traced the linear development of Western civilization and pointed to it as the cultural endpoint of all human progress. However, in the years following the First World War, Dewey reconstructed his orientation into an interactionist-pluralist view that recognized how a diversity of cultures was a necessity for democratic living and intellectual growth. Dewey and the Dilemma of Race is the first comprehensive intellectual biography to trace the development of Dewey's educational views. Filling an important gap in our understanding of Dewey's thinking on culture and race, this book will be of interest to a broad range of educators, historians, philosophers, and scholars. When the Galaxy is on fire, there are no heroes... Vincent Solaris is a teenager drifting through life who manages to graduate Ethics School by the skin of his teeth. His unplanned future changes dramatically when he is arrested and charged with crimes against the Central Committee after a night of drinking. While he escapes the gallows, Vincent is sentenced to three years of service in the Earth Defense Forces. Vincent is sent off to train, thinking that he'll simply spend the next few years lazing away at the edges of Human controlled space. This idea is shattered when a mysterious alien army attacks. On his way to the far-flung killing fields of war, Vincent meets Fiona, a Martian gangster serving a life sentence. Together, they must find a way to survive against the most terrifying foe that humanity has ever faced. Experience the start of a debut Military Sci-Fi Series from Army veteran Joe Kassabian. It's perfect for fans of Galaxy's Edge, Rick Partlow, and Josh Hayes. Fourteen year old Amber should be the happiest girl alive. She lives a privileged life in the peaceful kingdom of Sterling. But she is not as pretty as Alyssa, one of the girls of the court, and she is unable to catch the eye of handsome Sir Royce. Her mother doesn't seem to have enough time for her. Her ten year old brother Matthew always seems to show up at the wrong moments. How in the world will she ever fit in? Amber is determined to change her situation by doing something bold and daring. But her plan goes awry, endangering those she loves. In this coming of age story, Amber learns more about herself, and how to come to terms with the life she is expected to lead. The topic of stigma came to the attention of modern-day behavioral science in 1963 through Erving Goffman's book with the engaging title, Stigma: Notes on the Management of Spoiled Identity. Following its publication, scholars in such fields as anthropology, clinical psychology, social psychology, sociology, and history began to study the important role of stigma in human interaction. Beginning in the early 1960s and continuing to the present day, a body of research literature has emerged to extend, elaborate, and qualify Goffman's original ideas. The essays presented in this volume are the outgrowth of these developments and represent an attempt to add impetus to theory and research in this area. Much of the stigma research that has been conducted since 1963 has sought to test one or another of Goffman's notions about the effects of stigma on social interactions and the self. Social and clinical psychologists have tried to experimentally create a number of the effects that Goffman asserted stigmas have on ordinary social interactions, and sociologists have looked for evidence of the same in survey and observational studies of stigmatized people in situations of everyday life. By 1980, a considerable body of empirical evidence had been amassed about social stigmas and the devastating effects they can have on social interactions. The third unfortunate gift/box -- set of this New York Times best -- selling series, which will include The Vile Village, The Hostile Hospital, and The Carnivorous Carnival. Graham Priest presents an expanded edition of his exploration of the nature and limits of thought. Embracing contradiction and challenging traditional logic, he engages with issues across philosophical borders, from the historical to the modern, Eastern to Western, continental to analytic. Myra Gregory's main focus is to be a loving mother to her twin boys and provide the best life for her family. Insecure about her appearance, a relationship is the last thing on her agenda until her two best friends convince her to get back out in the dating scene. Jamal is just the man Myra's been waiting on to come and sweep her off her feet. The two instantly hit it off, and all seems well until Jamal's crazy ex-girlfriend, Mercedes comes back into the picture. Refusing to let go of the past, Mercedes will stop at nothing to tear the two of them apart. Unfortunately, Mercedes isn't Myra's only issue. After serving a year in jail, her children's father Lil' T is finally released and determined to reclaim what's rightfully his. Soon Myra finds herself confused with a huge dilemma. Will she take Lil' T back for the sake of her sons or will she stay with the man she truly loves? At almost 15 years old and with parents that had abandoned her and her younger brother Nick, Judy Ward has to think quickly of a way for them to survive. When she enters into the world of prostitution one of her clients makes her an offer she can't afford to refuse, but she is unaware that her acceptance will lead her into a life-threatening situation with a very dangerous gangland figure. A woman's birthday party takes a dark turn in a poignant, heart-stopping new novel from the reigning queen of suspense, New York Times and USA Today bestselling author of Behind Closed Doors, The Breakdown, and Bring Me Back. "A heartbreaking page-turner that will have you up at night reading just one more chapter." —Catherine Steadman, #1 New York Times bestselling author of Something in the Water "The phenomenal B. A. Paris has done it again! I devoured The Dilemma in one sitting—it grabbed me from the very first page and wouldn't let go until I'd finished. Secrets, guilt, shame and heartbreak—this story has it all in spades."—Sandie Jones, New York Times bestselling author of The Other Woman Knowing the truth will destroy her. Keeping it secret will destroy him. It's Livia's 40th birthday, and her husband Adam is throwing her the party of a lifetime to make up for the wedding they never had. Everyone she loves will be there, except her daughter Marnie, who's studying abroad. But Livia is secretly glad Marnie won't be there. Livia has recently uncovered a secret about their daughter which, if revealed, will shake the foundation of their family to its core. She needs to tell Adam, but she's waiting until the party is over so they can have this last happy time together. Adam, meanwhile, has his own surprise for Livia: he's arranged for Marnie to secretly fly back for the party. But before Marnie arrives, Adam hears some terrible news. Now he too is faced with a dilemma: Does he share what he's learned with his wife? Is hiding the truth the same as telling a lie? And how far are Adam and Livia willing to go to protect the ones they love—and give each other a last few hours of happiness? He describes the life and work of five leaders in the Anglican Church in Canada and the Episcopal Church in the United States who came of age in the late nineteenth century and served their religious communities until the mid-twentieth century. As clergy and educators they hoped to root the faith of modern Anglicans/Episcopalians in past traditions to provide a compelling spiritual purpose and identity for the present and the future. Their attempts to articulate a historical basis for Anglican unity and Christian ecumenism often had contradictory and even sectarian results. Modernity and the Dilemma of North American Anglican Identities, 1880-1950 offers historians and scholars of religion and culture in North America a comparative perspective and a new way to understand how a previous generation looked to the past to address the dilemmas of an uncertain present and future. I wanted her... bad. Did it matter she was my dad's secretary? Special Limited Edition Deal: For the first time ever, get the complete Billionaire's Dilemma Series in one convenient, kindle-melting bundle, all for one low price. Bad Boys Gone Good Series altogether! A Steamy Billionaire Romance Series The world's wealthiest people don't get rich by accident. Whether by smart investment, sharp business intuition, or a combination of talent, grit and circumstance, billionaires have done something right. Or they had a whole lot of luck—a crap-load of it. Tag is the son of a billionaire, who's never had to work a day in his life. He has everything he's ever wanted, that is, until one night during a party at his lake house when a chance encounter with a stunning beauty makes him realize that he wants more. There's something about Melanie that he can't get out of his mind, or his heart. When his controlling and manipulative father suffers a heart attack, Tag is suddenly thrown into the formerly distant world of his father's business. Much to Tag's surprise, the CEO chair fits him like a glove, and it's even sweeter once he realizes his father's assistant is none other than the mystery woman he spent the night with. Melanie doesn't want anyone to know about them, and that's the only way she'll continue to see him. Will Tag be able to keep their love affair a secret? How will he handle things when it comes time for his father to return? Will he give up his father's throne? AUTHOR'S NOTE: This is a complete story in a full-length bundle, with a happy ever after ending. Recommended for 18+ readers, New Adult Readers and up. The truth is more complex and as everyone knows, buried secrets have a habit of creeping out. Debbie's world has already been rocked by a shocking family betrayal. So can she reveal the truth about her hidden past, without causing untold harm to those she loves? 'Dilemmas and Decisions' is book 2 in the dilemma novella series and the follow-up to 'Dear Mr DJ'. At the heart of this compelling tale is the story of a woman's yearning for emotional support and the chance to secure stability for her family. The characters you met in and loved in the Green Mountain Series are back in this continuation of the Abbott/Coleman/Stillman family story. In this collection, read about cousin Grayson Coleman in Every Little Thing, Cameron's dad, Patrick Murphy, in Can't Buy Me Love and Wade Abbott in Here Comes the Sun! Set in the mountain town of Butler, Vermont, and with the family's Green Mountain Country Store business at the heart of the series, come along as these characters find love and other things, such as Fred the town moose, on their way to happily ever after. Warning: This book contains very disturbing situations, graphic violence, strong language and sexual content. This novel is under 20,000 words and can be read as a standalone or a part of The Dilemma series. Synopsis Adam She was the girl of my dreams. With bright red hair and green rocking eyes, I would have moved Heaven and Earth for her because she was my own slice of Heaven. Britney I met the man of my dreams. Everything was so perfect; I thought nothing could go wrong, because I was his Heaven. But life could be an evil son-of-a-bitch and not everything always goes to plan. Not everything works out the way you dreamed, and sometimes, the devil is at your doorstep. For me, that Devil was Koby, and he brutally ripped me away from where I wanted to be the most. A South London crime boss suddenly finds himself at the top of many people's hit list. He is in danger of losing everything he has worked to achieve, and has no choice but to walk away while he still can. The only outstanding matter is that there is somebody from his past that he would like to take along with him. He has

never told her what line of work he is in, and when he gets in touch with her again he finds that she has a few surprises of her own. Water circulates continuously and seamlessly on Earth with little regard for the boundaries we draw. There are natural boundaries as between land and ocean and surface and subsurface environments, as well as human or demographic boundaries between nations, cultures, and religions. Although considered necessary by societies, these human-created boundaries disrupt natural water circulation, leading to serious water-related environmental problems. The dilemma of how to manage water beyond our boundaries remains, and nations have different ways and means of controlling each form of water, whether as vapor, surface water, groundwater, or seawater. Recent findings on the interaction of water from land, oceans, and the atmosphere encourage researchers to undertake collaborative work that goes beyond the boundaries of each discipline, be it oceanography, surface and subsurface hydrology, climatology, or glaciology. Drawing on all these fields, the book focuses on two major boundaries: that between surface water and ground water, and that between terrestrial water and ocean water. This comprehensive work is of great value to experts in academia, international organizations, consulting firms, water resources, fisheries, and urban development planning agencies. Derek was a nice, quiet little boy who grew up idolizing his older brother, Marcus. After Marcus was sent to prison, his influence on Derek became very obvious. He dreaded his hair, got tattoos and gold teeth, and sold drugs just like his brother. Derek also realized his gift of fighting and started beating cats down for the fun of it. While living the "thug life," Derek falls in love with Keisha. Their relationship is in constant competition with his lifestyle. To add to his problems, he unknowingly hooked up with Keisha's sister and later her best friend. He feels bad until he catches Keisha in another relationship. His anger gets the best of him, and he is put in jail for attempted murder on her boyfriend. There are two sides to Derek: a good side and a bad side. The two sides are in a constant tug-of-war. Willie D. Spears, Jr., is an author and motivational teacher with a passion for adding value to people's lives. Equipped with a degree in education and communication, he loves speaking to audiences of all types of people. This is the second of 25 books the Dilemma Books Series. In each book, the protagonist comes to realize that they have a dilemma, and they are challenged to solve their dilemma, with the help of their friends. The books are quirky, but not wacky. Each book teaches problem solving, cooperation, love, and friendship, while remaining fun and visually dazzling. All books in the Dilemma Series are illustrated with a new kind of 3D technology that looks beautiful without the 3D glasses, but MAGICAL with them. This is the first time this technology has ever been used in a Children's Picture Book, and it will likely set a new trend for the future. As an added value, the author, who is an ophthalmologist, has developed a Vision Test that he got reviewed by the Food and Drug Administration. This is the first and only time a Vision Test has been incorporated into a children's book. The actionable results of this vision test can be shared with the child's eye doctor, thus enabling parents to contribute to their children's visual well being. Come discover what dilemma Ellie Elephant has, and enjoy the MAGICAL visual adventure! A love story about newly separated mom looking to rediscover who she is with a very sexy stranger. Emma tries to help her parents understand that, although their beloved new nanny has made a few mistakes, no one can behave perfectly responsibly all the time. Despite attracting headlines and hype, insurgents rarely win. Even when they claim territory and threaten governmental writ, they typically face a military backlash too powerful to withstand. States struggle with addressing the political roots of such movements, and their military efforts mostly just "mow the grass," yet, for the insurgent, the grass is nonetheless mowed-and the armed project must start over. This is the insurgent's dilemma: the difficulty of asserting oneself, of violently challenging authority, and of establishing sustainable power. In the face of this dilemma, some insurgents are learning new ways to ply their trade. With subversion, spin and disinformation claiming centre stage, insurgency is being reinvented, to exploit the vulnerabilities of our times and gain new strategic salience for tomorrow. As the most promising approaches are refined and repurposed, what we think of as counterinsurgency will also need to change. The Insurgent's Dilemma explores three particularly adaptive strategies and their implications for response. These emerging strategies target the state where it is weak and sap its power, sometimes without it noticing. There are options for response, but fresh thinking is urgently needed-about society, legitimacy and political violence itself. Nature Tales: The Eagle's Dilemma (First Tale in Series) By: D. W. Anderson It's just another day in the forest for Mr. Eagle, the Raccoon family, Snowshoe Rabbit, and Mr. Beaver—or is it? Off in the distance, Mr. Eagle sees a rather large bird suddenly crash to the ground—and out steps a human child! He find out later that the bird is actually a plane and the child is all alone. A feeling comes over him that urges him to step in and protect the child. Where is this urge coming from? The Eagle's Dilemma is a lovely tale about how all forest creatures and humans must find a way to coexist.
